

Welcome to the Club...

It's the Premium Savings Club

Smart consumers have known for many years that planned saving for college tuition, investments, or medical funds takes the crisis out of the crisis! Why...because they can better plan their expenses. It's easier, and it's smarter. Well, at **Cool Touch** we have made it simple to eliminate the crisis repair bill or put in a new high efficiency system. Instead of a "cash crunch crisis"...you can save and accrue on a planned basis for up to two years...

with the **Cool Touch Premium Savings Agreement**.

What is a Premium Savings Agreement?

The Premium Savings Agreement is regularly scheduled maintenance on your home's heating & air conditioning system. Just like changing the oil in your car, your home's total comfort system DOES need regular maintenance to keep it operating at peak efficiency and lower the risk of a crisis failure. We will come twice a year on a regular schedule to inspect your home's total comfort system, including the air conditioner, heat pump, furnace, coil, drains, and thermostat to insure they are operating properly.

What do you get with your Membership Privileges?

Your home's comfort system may not seem exciting, but it is critical to your home's well being. As a Premium Savings Club Member you will get the following:

- 3 Precision Tune-ups the 1st year of membership, 2 each year thereafter
- Peace of mind you will be saving money on utility costs
- Our value rate on all service repairs
- Preferred service — PSA members receive priority if you need service
- Improved home indoor air quality as a result of a cleaner system
- Owning a PSA from **Cool Touch** will satisfy the maintenance requirements for any extended warranty you may own
- No overtime charges for as long as you own a Premium Savings Agreement

Most importantly, you get our Premium Savings Satisfaction Guarantee. If you are not completely satisfied with our people, our performance or anything to do with our company, we will refund 100% of your money.

All for \$150.00 per year

Why is this a good deal for me?

Statistically, it is almost a certainty that you will need a comfort system repair within the next two years, so the Premium Savings Club is a wise choice. You save money while we maintain your home's total comfort system, which reduces the chance of a crisis when you least expect it.
